Subject: Medical Physics Journal distinguished reviewer
Attachments: MedPhys Distinguished Reviewer Badge.png

Dear Jing,

We would like to express our appreciation for the hard work you have contributed to the **Medical Physics** journal as an Associate Editor in 2020. Hence, we are pleased to notify you that you've been named a Distinguished Associate Editor for **Medical Physics** for 2021: <https://aapm.onlinelibrary.wiley.com/doi/epdf/10.1002/mp.14734>. We've attached a badge to post on your social media.

The journal has become a leading international journal in the field of medical physics largely because of accomplished scientists like you, who selflessly devote valuable time and expertise to the **Medical Physics** peer review process. As you know, this process ensures that the highest quality of work is published in our journal, and the published collection of articles essentially define the field of medical physics as it advances.

It has been a pleasure working with you and we look forward to working with you in this coming year.

Best wishes and please stay safe.

Sincerely,
John M. Boone, PhD
Editor-in-Chief

Stan H. Benedict, PhD
Editor (Therapy)
