Subject: Key Technology Partner Visiting Fellow application outcome (2020 Round 1)

Dear Dr Xinyan Huang,

I am delighted to offer you the opportunity to develop significant and long-lasting research collaboration through our Key Technology Partner (KTP) Visiting Fellow program.

The KTP program plays a vital role in UTS's internationalisation and research strategies; as it aims to build broad-based international engagement and strategic, high-quality research links with our Key Technology Partner institutions. Your research collaboration provides great potential to deepen enduring collaborative networks between Hong Kong Polytechnic University and UTS.

We hope this experience provides a platform for you to develop a long-term collaboration strategy with your UTS host and your respective research groups; and explore opportunities for joint publications, external funding, and co-supervision of collaborative PhD students. We also look forward to you engaging broadly across the UTS community via meetings, seminars, and workshops.

Our team will contact you and your UTS host shortly to provide information on the administrative aspects of the program.

We look forward to welcoming you to UTS and hearing about your research outputs and milestones in the years to come.

Kind regards,

Ana Paula Ruiz (on behalf of Prof Kate McGrath, Deputy Vice-Chancellor and Vice-President (Research))

Ana Paula Ruiz
Manager, Strategic Partnerships

UTS International
University of Technology Sydney
T. +61 (02) 9514 7814
